1 of 1 people found the following review helpful.

Excellent overview of the period

By Doug Erlandson

Each volume of Frederick Copleston's "A History of Philosophy" provides a detailed survey of the period and is written in a reasonably objective fashion. This is certainly true of Volume 8. Part I of this volume discusses utilitarianism and the British idealists. In Part II Copleston turns his attention to the American idealists (particular Josiah Royce) and the pragmatists (C.S. Peirce, Wm. James, John Dewey). He concludes by focus again on Great Britain and the philosophy of G.E. Moore and Bertrand Russell. Copleston's writing is clear and lucid, but not superficial. What he provides is far more than a sketchy overview. This is a detailed summary designed to give the student a good basic understanding of the most important thinkers of the period.
