Some familiar titles, many more that look to be true hidden gems.

By Ms. Parrothead

This book is a fantastic "viewer's guide" to some of the best "cult classic" movies. The list includes some that many people have heard of, such as Pink Flamingos and The Rocky Horror Picture Show, to more obscure offerings, such as Freaks and Two Lane Blacktop. Perhaps I've just watched more "cult" films, but I did wonder about the inclusion of some films in this book, such as Last Tango in Paris, Easy Rider, or Up in Smoke. These three films, along with several others, are fairly "mainstream" in today's eyes, so I personally wouldn't consider them a "cult" movie - however, the author does give a good explanation of the criteria for inclusion in this book. Each entry includes the name of the movie, director, executive producer, producer, screenwriter, cinematography, music, editors, run time, color or b&w, cast, and synopsis. Stills from the movies are included in the text. The author presents a very good synopsis, I actually learned some things about movies that I have seen many times. All in all, I think this is an excellent book, I while I have seen many of the movies on this list, there are some that I have added to my "must watch" list.

By Lynx

I recently read and reviewed Danny Peary's Cult Horror Movies: Discover the 33 Best Scary, Suspenseful, Gory, and Monstrous Cinema Classics (Cult Movies) and I feel like that review pretty much sums up my thoughts on this one as well. Awesome selection of films, ranging from obvious to very obscure with great essays and interesting facts in each chapter. Great film read!

Obtained through Netgalley for an honest review

Great selection

By Piper

I received a digital copy to review from netgalley. This is my honest opinion.

I read this along with Danny Peary's Cult horror films book. I really enjoyed both of them! He chooses films from a wide variety of time periods. Each film listed includes release information, photos, an in depth synopsis an essay from the author. Most are films I already enjoy, so his essays were a lot of fun for me to read. I was happy to find and be reminded in some cases, of movies I have yet to watch. For me personally, it was too also nice to read about the films I still need to see, but some may prefer to use it as a guide and read after they've watched.

Color photos would have been nice when possible, but that didn't deter my enjoyment.

I would recommend this book to cinephiles, cult fans and people looking for movies that are different from the usual blockbusters.
