Amazon.com Review

In the newly unified Germany, old horrors are reborn. It is the beginning of Chaos Days, a time when neo-Nazi groups gather to spread violence and resurrect bad dreams. But this year, Germany isn't the only target. Plans are afoot to destabilize Europe and cause turmoil throughout the United States. Paul Hood and his team, already in Germany to buy technology for the new Regional Op-Center, become entangled in the crisis. They uncover a shocking force behind the chaos--a group that uses cutting-edge technology to promote hate and influence world events.

OK, but not the best, by any means.

By Amazon Customer

Not as good, in my opinion, as some of the previous Clancy-esque stories. The writing didn't hold my attention as well, nor did I feel as though I "couldn't put it down".

Another Tom Clancy hit.

By J. Palmer

I really enjoyed this book, the hero's welcomed their tasks and were very good at them. Clancy has done it again.
