Love

By Bre

I really cannot explain to you how much I love this poetry. It is just perfection. True to the saying "everyone can read the same book, but they won't read the same story." This poetry is the inspiration for my own writing. I can't get enough.

Heart-Wrenching and Real

By aatwell

I bought this book after reading *I Wrote This For You* and was left wanting more. I have no idea who wrote this, but whoever it is has a way of connecting with the human spirit. I've highlighted more poems in this book than I have quotes from any other book I've read. It's a beautiful collection of poems ranging from love to life and death. There isn't any sense to it who the author is or sometimes the title of poem and the poem itself, it just is. Extremely real and subtly convicting, *I Wrote This For You: Just The Words* is an excellent read if you want to know more about human existence and the feelings all humans experience.

extraordinarily beautiful words

By Amazon Customer

Oh my goodness... in comparison to the lovely words in this book my review is going to sound rather stupid lol. But nevertheless, we shall continue. Let us begin with the cover. In all reality this is a simple cover, but it looks handwritten and that makes it 300% better for some reason. As soon as I opened the package and saw the cover I knew I was in for a treat, as I'm sure so will you. I didn't think it could be any better and then I actually started reading it. The words are filled with such emotion. I can't accurately describe how magnificent this book is, so you should just click "add to cart" now. I promise you won't be sorry.
