True Initiation in the Western Mysteries

By David Cheramie

Excellent! This is one of the best, if not THE best, book on the Western Mysteries that I have ever read ( and believe me I have read a LOT in 30+ years) Mr. Butler's style of writing is so easy to understand and follow. The author is, in my opinion, one of the best teachers in the Mysteries that I know of. It is a great lose that he has passed on so soon. The chapters on "The Western Tradition - The Withdrawn Order - Woven Paces and Waving Hands" or very informative and enlightening. There are five chapters on "Training the Personality" which are priceless! Everyone who is searching to "Know Thyself" should read and study this over and over again. Also, there is a "Questions and Answers" at the end of each chapter which helps to clarify some of the points made in the lectures. This is a wonderful book and I would recommend it to all.

A True Classic

By R. Caraway

I think this is one of my all time favorite books on the Western Mystery Tradition. Mr. Butler's unassuming tone and incredible wealth of knowledge make this an important stepping stone in understanding the mysterious. As a person you will fall in love with his demeanor; as a teacher you will be in awe of his skills.

This is one you won't be disappointed with.

Must BUY!

By Joseph T. Madawela

I have to agree with the other reviewer. This is indeed a true classic and worth keeping in your library. The tone of these Lectures which he gave at the Ibis Fraternity in Devon England just 6 months before he left this world, is unassuming and self deprecating. There is so much wisdom in his words that it is precious worth reading and reading again. This is definitely a must buy
