MBA Students

By Ghassan Khalifa

I recently used the book in a structured class environment with my MBA students. The theory section of the book (Part One) was somewhat relevant to the class. Part Two (Management in Practice) was very relevant and the students engaged very well in the class as a result. I particularly appreciated how the subsections in each chapter is organized.

Very simple and straight forward to read. I think this edition is very good, and perhaps can use an upgrade especially in light of post 2009 development.
