NOEL GALLAGHER: THE BIOGRAPHY BY LUCIAN RANDALL PDF

A look at the musician who is as well-known for his singer-songwriting talent as he is for his controversial, outspoken statements and his tempestuous relationships

With the renowned Britpop band Oasis at the forefront of the Britpop movement in the 1990s, Noel Gallagher was responsible for writing some of the big anthems of the period, including "Wonderwall" and "Champagne Supernova." At their peak they were playing sold-out concerts to more than 200,000 people. But what is the truth about the boy from Manchester? How did his relationship with his father affect him? What caused the public and personal rivalry with fellow Britpop band Blur? Why has he always had such a turbulent relationship with his brother and the front man of Oasis, Liam? Is the band over for good this time? This book maps out Noel's story from the beginning, taking readers from his dysfunctional upbringing in Manchester to the man fans know now.

No Brag--Just "Fact"

By rush1313

If you're looking for *The Dirt* on Noel Gallagher, you won't find it in this book. Although there are several historical errors, the book APPEARS to be a well-researched and meticulous work dealing with Noel's body of work and his genuine genius, but there is very little of the wit and humor that makes The Chief the droll curmudgeon everyone knows and loves, aside from a few previously-published quotes. This feels like an authorized biography because it is quite dry, sterile, and sanitized--no lurid accounts of Noel's rock-n-roll hell-raising here, no sir. It's not a fun read-- I suppose we will have to wait for The Maestro's own autobiography for that.

Enjoyable read, unforgivable errors

By Paulhorahan

Book was enjoyable and worth a read as it won't take you too long. There are some funny and interesting stories in there. No excuse however for the blatantly wrong facts on song releases or song titles or dates that every Noel or oasis fan would know, never mind an author who has supposedly researched this man thoroughly.

1 of 2 people found the following review helpful.

good

By samantha

Pros:

A lot of information about him that I had never hear before(I'm an American fan who was only converted a few years ago)

Cons:

Not as funny or as heart breaking as you would expect a book about Noel Gallagher to be.

Overall I enjoyed it and I think it's worth getting
