Disappointed

By Shannan

I received a free copy of this book to read and review for Wicked Reads.

I think it's fair to say this series just didn't do it for me. The sexy, shocking man that was Miller Hart got left in *Promised* and didn't show back up. I got bored in *Denied* and should have stopped there, but I didn't I had to see what happened. I had to see if I could get back into the story. Unfortunately I could not.

While *Unveiled* is better than *Denied* it still lacked something. It was very drawn out. I found myself skimming throughout until the last 30-40%. One thing JEM can do is write a sex scene but even those were

annoying me. There were just so many of them. The angst between them, the making up, the jealous possessiveness by both of them became repetitive.

I do enjoy JEM's writing style and look forward to her future works but I am glad this one is over.

Just A Fair Book and Series For Me

By S D L

I'm sorry but this series just didn't do it for me. I waited until all 3 were released because I was so excited for this series after reading her This Man series, which I loved. Unfortunately though, I was very disappointed with this one. This book was just too all over the place for me. One minute they were fighting and Olivia was totally insane and in the next breath they were having sex and doing their "thing" that I totally despised by the way! I also hated the let me taste you part, it really made me dislike the books. Why oh why couldn't they just say kiss because taste was just totally gross to me.

This man series I have read at least 3 times but this series I will not be reading again. The situations were just too crazy and not realistic and also very predictable. I figured out her parentage in the first book, it was so obvious and just took too long to come out. I did love Nan, she was great and so was her and Olivia's relationship. Miller was just too odd and unpredictable throughout all 3 books. I didn't like his terminology and his temper although it made for some excitement. So anyway, I'm giving this book 3 stars and the entire series 3 stars. I didn't love it but I didn't totally hate it either so I'm going right down the middle with this one.

was getting tired

By RJW

By this book I had had enough. Best part was last 30% or so. It just drug on!!! I found my self skipping over the intimacy scenes just to get to the meat. And frankly, I would have given up if I hadn't wanted to know how this ended. Epilogue is little long. Not sure in the point. This really could have been condensed into 2 books.
