Good Read

By James Wiginton

This is an interesting and informative book. The only negative is that the book is a bit older than I had assumed and is not current. But good history non the less.

Great book, I couldn't put it down

By Amazon Customer

Great book, I couldn't put it down. History of Jewish immigration to U.S and family and social customs of the day. Not to mention the Jewish immigrants who made fortunes in banking, investments and railroads through hard work and sheer determination to succeed. Admirable people, all.
