Unhappy

By Rar Sozalloc

The copy I received did not have back cover on it. It was not advertised on the listing that the back cover was missing. Otherwise I wouldn't have ordered it. If I didn't need it for school right away, I would have sent it back.

Fine Resource Book Both During College and Now While Employed in the Occupational Therapy Field

By Don Kidwell

Find this to be a great textbook to keep around for answering those periodic questions needing relevant information involving patient care issues. As to myself, I've always purchased the paper editions rather than the electronic versions for ease of accessing the large volume of material within and would recommend the same to others. A very good book and glad I held on to this one!

Do Not Buy This Book From Here

By Amazon Customer

The book I bought is missing the first 20+ pages... Thanks a whole lot for making the start of my semester terrible!
