Caution! Ingredients errors..

By Norene Jamesley

Watch out! Several recipes mention cornstarch in the assembly instructions but it is not in the ingredients list. Your pudding will not set without it. Check out another similar recipe for possible quantity. Some good topping tips however. But more than any other types of books, recipe books need careful editing. Can't complain about the price, just use with caution.

Scrumptious Pie

By Lynn G. Filipowicz

This book was an excellent example of the wonderful pies my grandmother made. They represent the old south and how the cooks served their pies to family and friends. One of my favorite was the old fashion Chocolate cream pie and the coconut cream pie.

It is well written and easy to understand. I think you will enjoy making some of the best pies in the world. I purchased the book for my Kindle Fire from Amazon.
