Review

- If you enjoy a love story, with Princes and Princesses and happily ever afters - you're going to love *The Cinderella Princess*. - Keeper Bookshelf blog
- Fairy tales can come true....This is one of those really sweet stories that we are all looking for in a romance book. - Janine's Cool Cats and Reviews blog
- It's a story that keeps our dreams alive of finding our own prince charming and fairy tales coming true. - Carol from Goodreads

From the Author

Emily Rodgers, my heroine from *THE CINDERELLA PRINCESS*, makes a brief appearance in my novella *THE HONEYMOON PRIZE*, which features her friends Addie and Nick. From the minute Emily appeared in chapter one, I knew the workaholicad-exec needed a romance of her own. It would take a special guy to winher cautious heart. I decided to go all out and make that guy a realprince!

Prince Luc is not exactly Prince Charming. At least notwhen Emily first meets him. But I fell in love with him, and I hope youfind him as appealing as I did.

I love reading and writingroyalty-themed romances! I wanted to get more people involved in the fun so asked for fictional country names on my Facebook page. You'll findthe names of those who gave suggestions on the dedication page of thisbook and their countries in the story!

I hope you enjoy Emily and Luc's story!

From the Inside Flap

Thanks to a philandering father, ad exec Emily Rodgers knows happily ever after doesn't exist. Relying on a man only leads to heartache. She takes care of herself, and work defines her life. But Emily soon finds herself in the hands of a real-life prince who defines the words charming and sexy. Not to mention reckless.

If Prince Lucas doesn't find a royal bride, Emily's dream of being named a partner at the advertising firm will die.

Luc's fun-loving ways have made him a magnet for scandal. His father gives Luc an ultimatum--find a wife on a reality TV show or be disowned. Rules require him to marry nobility, but after he meets the uptight American sent to find him find a princess bride, his search for Cinderella might be over. Too bad Emily wants nothing to do with him. Perhaps he can show her that fairytale endings can happen in real life...

THE CINDERELLA PRINCESS (ROYAL HOLIDAY BOOK 1)

BY MELISSA MCCLONE PDF

Happily ever after doesn't exist...

Advertising executive, Emily Rodgers knows that all too well. A philandering father and failed relationships taught Emily that finding your one true love only happens in fairytales. That is until she meets a real living and breathing prince, whomight be as equally sexy as he is charming.

Fun, sweet, uplifting

By PSusan

Every once in a while a frog really does turn out to be a prince. The Cinderella Princess made a believer out of me. I was all ready to not like Prince Lucas Alexander Leopold Casimir von Rexburg since royalty and billionaires who feel entitled (yes, I know that they are popular right now) are not my favorite type of male main characters. However, in Melissa McClone's capable hands, he truly did become princely. If he had owned a cowboy hat he would have been perfect! Nick is pretty perfect, too. Dylan is definitely a real frog.

Needless to say, but I will anyway - I love this novella. Short enough to read in an evening, it is a traditional sweet romance with a few interesting twists that cause anguish for the character before the happily ever after. Included are several female characters, Emily, Addie and Maria-Therese. I would want as friends. Caring, hardworking, honest and loyal, they are more alike than different no matter their social position. It's a fun uplifting read.

Net Galley provided a copy.

The Cinderella Princess

By BookMama_1

3.5 stars!

This was a really cute, sweet, quick read. Would I have purchased it to read based on the synopsis? Yes, I would have.

This was a shorter book and there wasn't a whole lot to the story. Don't get me wrong, you have the back story for the main characters and a little bit for the supporting characters, but there's not much drama in this book and that's probably why it didn't catch my attention too well.

But then again, the break from all the drama filled books is kind of nice. That being said, this was a sweet story. You have the bad boy who's given an ultimatum and the good girl throwing herself into her work. There's no time for anything else and no time to seek out the things that are worth it. They just exist. Until one day...

I guess I was waiting for the big shebang or that "oh-hell-here-we-go" moment that is in most books lately. It never came, and I'm ok with that. not every book has to have those moments.

I did feel like there wasn't much info on the dates from either Emily or Luc's POV to really get what was going on. I think if we were in their heads and saw more and heard more thoughts during those times, this would have been a lot better and I could understand why the feelings between the two were as deep as what

they were so quickly. And again, sometimes there is no explanation for it. It just is.

This was the first book written by Melissa McClone that I have read and I will continue to read her work. Just because it's not like the rest, doesn't mean it isn't worth reading. In fact, it's why I will look for more of her stuff!

I received a copy of this book from the publisher via NetGalley in exchange for an honest review

Quick read

By Books And Spoons

Modern day fairytale story, where the prince is looking for his forever match via reality television.

The story is fun and entertaining. For the first time, someone, that being Emily, is giving it straight to Luc. No finesse, not what he would expect to hear, but the simple truth of the matter. The sparks are flying, the banter is constant, and as Emily and Luc get to know each other, while looking for a wife for him, Emily finds out that there's so much more into this prince than tabloids are saying. And maybe what they are saying are not true at all.

While predictable, this story is pleasant and enjoyable. It is a clean, lively, and witty romance, a look behind of making of the reality television, and the awkward situations with dysfunctional families. Perfect, quick read for the Easter holidays for the romance lovers
