Review

“The Norton Critical Edition of The English Bible, King James Version, appearing on the four hundredth anniversary of the great translation, is a real gift to the English-reading world, making this classical version freshly accessible. The introductions to the different biblical books are apt and often illuminating; the generous annotation clarifies archaic terms, corrects translation errors, and provides insight into the texts; and the appended critical and historical materials give readers a wealth of relevant contexts for both Old and New Testament.” (Robert Alter)

“Herbert Marks demonstrates in this work that he is now the foremost literary exegete of the King James Bible and of the Hebrew Bible that it translates.” (Harold Bloom)

About the Author

Herbert Marks is Professor of Comparative Literature at Indiana University, where he also directs the Institute for Biblical and Literary Studies and edits the monograph series *Indiana Studies in Biblical Literature*. He is the editor of the Norton Critical Edition of *The English Bible, King James Version: The Old Testament*.

So, when you need the book promptly, you can straight obtain it. It's so simple therefore fats, right? You must favor to by doing this.

THE ENGLISH BIBLE, KING JAMES VERSION: THE OLD TESTAMENT (VOL. 1) (NORTON CRITICAL EDITIONS) FROM BRAND: W. W. NORTON COMPANY PDF

A stunning work of scholarship, the Norton Critical Edition of The English Bible, King James Version, is the most accessible edition available.

In celebration of the 400th anniversary of the King James Bible, these long-awaited volumes bring together succinct introductions to each biblical book, detailed explanatory annotations, and a wealth of contextual and critical materials. Archaic words are explained, textual problems are lucidly discussed, and stylistic features of the original texts are highlighted.

Judicious and economical, the introductions and annotations to the Old Testament give readers without Hebrew an entry into complexities of biblical literature, reconstructing its original contexts, tracing its evolution, and pointing out productive strategies of reading. Incorporating the insights of modern biblical scholarship as well as centuries of precritical interpretation, they offer essential guidance to a labyrinthine world, while respecting the text's integrity.

The historical and critical appendix comprises three distinct collections. A section on ancient Near Eastern backgrounds presents the myths, hymns, prayers, and legal codes that informed the creation of the Hebrew Bible. A historical anthology of biblical interpretation gathers—for the first time in one volume?—generous selections from the Jewish, Christian, and Muslim traditions, along with classics of secular commentary. It includes reflections on the Bible by philosophers from Hobbes to Ricoeur; a compendium of modern biblical scholarship, focusing on topics such as the oral and the written, the composition of the Pentateuch, and the historical movement from covenant to canon; and a provocative sampling of comparative and literary approaches. The crucial presence of the Old Testament within English literature is represented by paraphrases and parables in verse and prose, and a recapitulatory conclusion brings the diverse perspectives of this millennial survey to bear on two of the Bible's most famous passages: the expulsion from the garden of Eden and the binding of Isaac. A final section devoted to the question of translation includes significant English versions from Wycliffe to the present.

Time lines, chronologies, diagrams, and maps are included.

A Superb Edition (Vol. 1)

By Restless Reader

W. H. Auden didn't like people who "read the Bible for its prose," but people do this, as well as read for poetry and content. Many of them would like

- (1) the King James version, because of language and history;
- (2) scholarly footnotes, providing corrections and clarifications;
- (3) prose in paragraphs;
- (4) verse in lines; and
- (5) readable type that's not cramped in columns.

The Norton Critical Edition offers all this, plus hundreds of pages of commentary. The volume with the Old Testament has Near Eastern documents including creation myths; traditional Jewish and Christian exegesis; passages from the likes of Moses Maimonides, Thomas Aquinas, the Qur'an, and Voltaire; and literary works by authors including George Herbert, Herman Melville, and Franz Kafka. There are comparative translations of Genesis 1:1-8 and Psalm 23.

The two volumes aren't beyond criticism, but as a whole they're wonderful. They should have existed years ago.

At last!

By toronto

Finally someone has done what someone should have done for 50 years, which is to provide an annotated edition of the KJV, including updates on translation issues. Like all Nortons, the text is clear, great notes. The notes are at the bottom of the page. Means we can dump the crap translations. I exempt Alter from that

last sentence.

Bliss, really.

BUT WHERE IS THE HARDCOVER EDITION? We are talking the Bible here, which means a lifetime of study, recourse to it at various points, references, etc. **WE NEED A HARDCOVER EDITION, GODS OF NORTON** (I appreciate that this is blasphemy, see Old Testament...hey, this is the Old Testament!!!!)!!!!

The best annotations available for literary reading

By Ashley H. Perez

Having studied with Professor Marks, I know the amount of erudition and sensitive reading that have gone into this work. The introductions and annotations are excellent for literary readers looking to pay close attention to textual nuances and intertextual connections. A brilliant piece of work that ought to be on every serious reader's shelf.
