IS THERE A GREAT UNKNOWN LAND -- A PARADISE -- BEYOND THE POLES?

DID ONE OF THE MOST FAMOUS EXPLORERS OF ALL TIME TRAVEL TO THIS
"UNDISCOVERED CONTINENT" THAT EXISTS INSIDE THE EARTH?

Said to be the great explorer's "missing journal" describing his mysterious voyage inside the earth which was never revealed to the public. Supposedly, Byrd say a great land beyond the pole that was NOT covered in ice and met beings of a super nature.

Great content - So-so delivery

By L. Bloom

This book had some great stuff in it but it appeared to be run off on an old one-sided copier. All of the pictures are in black and white and seemed to be there only to take up space. This entire "book" could have been type written on two pages, minus the pictures. When I was done, I have to say that I was a little upset that I had to purchase this when I have gotten so much more information on the internet for free. If you can borrow it from a friend (for ten minutes, as that is how long it will take you to read), I recommend that you do that instead.

very little information

By Opalmc

This book has printing only on the right side of the pages. Many pages have about twenty words on them (as diary entries). There is very little description of what Admiral Bird saw. Buy it only if you want a complete library of the Hollow Earth Theory.

Musha

By Takaaki Musha

I hoped that this book revealed us a new evidence about the inner world of the Earth, which had been concealed from us for a long time. But regret to say that it dosen't give us sufficient evident proofs about the Unkown world explored by Admiral Byrd.
