Excellent companion to the breviary

By A Customer

This small volume is a superb book, and I have given several copies to family members and fellow

parishioners. The introductory chapters give a thorough explanation of the purpose and meaning of the Liturgy of the Hours, stressing that the Divine Office is intended for ALL Christians, not just the clergy, and not just Catholics. If only more Christians were aware of what a treasure we have in the Liturgy of the Hours!

To those not familiar with the Psalms, the introductory chapters give an excellent summary of this ancient and enduring form of prayer. Coming to the Divine Office as a lay person, I found Part 1 of this book provided an excellent foundation on which to build. At the end of Part 1, there is a helpful glossary and suggestions for further reading. Part 2 is a commentary, based on the structure of the complete Liturgy of the Hours found in the four volume set (Catholic Book Publishing Co. in the U.S.). I find the commentary is very sound and insightful, and helps deepen my appreciation for the Liturgy of the Hours.

Although this book is designed to accompany the full four volume set of the Liturgy of the Hours, it can easily be used by those using shorter breviaries, such as "Christian Prayer" or those who use the periodical "Magnificat". As the author says, "This book is written for all who are learning to pray". In this time of trial for our nation and the world, I believe the Liturgy of the Hours to be an indispensable help; this book serves as an excellent introduction.

Outstanding! Very helpful guide for praying the Divine Office

By Gordon

I cannot recommend this book too strongly! It is more about formation in prayer than it is information about praying. It has helped me to gain a deeper appreciation for the Liturgy of the Hours, the Divine Office, Morning and Evening Prayer - whatever title you are accustomed to use for this ancient prayer of the Church. The author gives the theme for each of the psalms and canticles that will be prayed. This helps to refresh your memory so reading through the entire commentary each time is not necessary. Then follows a good orthodox commentary on each Psalm and canticle with a brief explanation of the seasonal antiphons that focus the prayer. There is a brief but good history about how the Divine Office developed in the Church going back to Jesus and the Apostles prayer together. There are commentaries on the Invitatory Psalms, the Magnificat, the Benedictus, and the Canticle of Simeon. There are excellent articles that thrill one's soul such "Christ in the Psalms", "Christ in the Divine Office" and several others. You will not regret buying this inspirational book. It makes an excellent gift for newly ordained priests, deacons, and for those coming into third orders that make praying the Divine Office part of their daily prayer.
