In this seventh entry in the best-selling *Diary of a Wimpy Kid* series, Greg Heffley continues to document his rites (and wrongs) of passage, this time by reflecting back on traumatic times before tweendom. By the time his account makes it from prenatal read-alouds to the present day, it's clear Greg hasn't evolved much over the years. His fans, however, will love and relate to him just the way he is—after all, who hasn't had an imaginary friend, suffered embarrassing relatives, gotten lost in a corn maze, been forced to babysit against their will, survived take-your-kid-to-work day, been made to merengue in gym class, mistaken a zit for the chicken pox, or tried to find a date to a Valentine's dance? What's also unchanged, as Greg deals with these complications, is the book's iconic visual style and spot-on hilarity. Although Master Heffley complains that he has no idea "what a guy needs to do to impress a girl these days," his author sure knows exactly how to make readers of all stripes ecstatic. --Andrew Medlar

Two kids - ages 10 and 14 - burned through book

By Mark M.

OK, I have a 10 year old daughter and a 14 year old son. My experience with the series is limited to the movies and flipping through a few pages. Here is our experience with the book, "Third Wheel."

The moment the book arrived I had to break up a minor fight over who got the book first. We went to a 15 minute oven timer to determine turns. After an hour my son relented to my daughter. She read the book, cover to cover, in the first night. She reports it is the best book in the series.

My son took two days to read it. He generally would rather read sports magazines, but thoroughly enjoyed the book. He rates it as solid in the series, but not the best one ever (unlike my daughter).

Well spent money. If you know the series I'm sure you know what you are getting. From a Dad's perspective I like it WAAAY better than the Dork Diaries (not quite as snotty).

Enjoy!

Funny, Fast Read

By Librarian Laura

As a school librarian, I love the Diary of a Wimpy kid series. They are funny, and the kids want to read them over and over, which is awesome. I was eager to read the newest edition, especially since I knew it would be about a school dance. I know Greg is in middle school, but fans of the books are as young as first grade. I wanted to see how the topic was handled, but I should have known the dance would be more about Greg's mishaps than romance.

Although it's not the best book in the series, I still enjoyed the latest Greg drama--getting locked in the laundry room while babysitting, having his mom come to school to make him take off his jacket, and even Greg getting kicked out of kindergarten. And that's all before the senior citizens crash the dance. Each situation is humorously written, and fans will enjoy getting to know a little bit of Greg's past while seeing him worm his way out of his current predicament.

I've read some reviews that mention the topics jump around, and while I thought the beginning of the book that compared Greg's childhood to Manny's was a little long, I thought Kinney tied the ending back to the beginning, which was a nice touch and great conclusion to the story.

Fans of the story, both young and old, will enjoy this latest book.

my favorite book

By William Irwin

This review is from my son Daniel. This is a review of Diary of a Wimpy Kid 7. It is the latest book in the Wimpy Kid series. It has 217 pages like the rest of the books. There are only two months in the book, January and February. Both of them have holidays like New Year and Valentine's Day. The color of the book is brownish red. I like the book because the title page has a picture of Greg's Uncle Gary. It was my favorite book because in the story there is a restaurant called Corny's. And it is mentioned at the beginning and the end of the book. I also like it because they mention someone named Johnny Cheddar who is one of Manny's many imaginary friends. The story was my favorite one because they ended the book to be continued. I recommend it to people who like the fifth and sixth books and people who are looking for something funny to read.
