It's no more Miss Nice Vampire.

Bo has turned her back on everything that's familiar and is now working for X, the dangerous Kakos daemon who demands that his identity be kept a secret. She's prepared to do just about anything to clean the streets of London of its crime - and she's no longer sure if she cares who gets hurt in the process.

However, the vampire Families aren't going to be that easy to ignore. Lord Medici is continuing with his cold-blooded power bid - while Michael is determined not to let Bo forget him. Add a mysterious case of a missing girl into the mix and chaos is going to follow.

This is the fifth book in the Bo Blackman series.

Reading order: 1. Dire Straits  
2. New Order  
3. High Stakes  
4. Red Angel  
5. Vigilante Vampire

Bo still has her sharp, witty bite!

By LauraBC

One of my favourite urban fantasy authors, Helen Harper continues to offer enthralling, creative, and smart

mysteries. I enjoy reading bad-a\$\$ Bo and her take-charge attitude even when her life is full of challenges--becoming a vampire, 'employed' (aka threatened) by a kakos demon, her father in a coma, having left the New Order (tribe detective agency), avoiding the loss of a friend, and her romance forcibly on hold, she still manages to stay independent, unaffected, and her witty dry humor as she helps others. A vigilante of the night--whether you want her 'helping' or not--with a strong attitude and with dry, witty comebacks that have a 'sharp bite' so to speak. The tension between Bo and the other characters are a large part of this one reminding us that Bo can be ruthless but underneath it she is still (barely) hanging onto her morals and humanity, with the plot remaining exciting though fairly even paced until that crazy, tortuous, surprising (and somewhat enraging) cliffhanger of an ending, for which I'm still somewhat upset with Ms Harper. The writing is a beautiful balance between vividly detailed and blase brush-offs that are quintessentially Bo (she only notes things she finds important, so those are the things we read about). There is a bit more romance in this one--thank goodness for more Michael--and more interaction with 'friends' that give a social warmth to uplift and offset all the cold death and horror Bo faces. Another great book that left me both in dire need for more while fearful of what next Bo will be put through!

More Bo, Please!

By MartyReads

In this book, Bo is at the mercy of X, unleashed as a vigilante in all the crimes he wants punished. X has warned her, if anyone learns of his place, his identity, they must die. Bo may be isolated from her friends, but they don't make it easy to stay that way. They keep doing dangerous things like walking in her apartment --- X's apartment. She's kept busy trying not to let them get themselves killed as much as she is the Vigilante. Where before she was a Red Angel who saved lives, she's more Angel of Death here.

I would read anything with Bo Blackman in it. Unfortunately, this lovely book is the last of the currently available ones. MORE BO, PLEASE!

"Hell is empty and all the devils are here". Shakespear

By S or D Williams

A brilliant series by Helen Harper. It is a well written urban fantasy and extremely fast paced. Bo Blackman P.P.I. has left her group and has gone solo because she feels responsible for the death of two beloved friends. In this book Bo Vampire P.I. is trying to find a missing girl who is the daughter of a rail man Bo befriends. The infighting among vampire families is still out of control. There are rules to the number of each family and one family decides to buck the system. A really fast paced read. Enjoy.
