WHAT ROSIE FOUND NEXT (MAGNOLIA CREEK, BOOK 1)

BY HELEN J ROLFE PDF

One house, two strangers, one very big secret...

A shaky upbringing has left Rosie Stevens craving safety and security. She thinks she knows exactly what she needs to make her life complete – the stable job and perfect house-sit she's just found in Magnolia Creek. The only thing she wants now is for her long-term boyfriend, Adam, to leave his overseas job and come home for good.

Owen Harrison is notoriously nomadic, and he roars into town on his Ducati for one reason and one reason only – to search his parents' house while they're away to find out what they've been hiding from him his entire life. When he meets Rosie, who refuses to quit the house-sit in his parents' home, sparks fly.

Secrets are unearthed, promises are broken, friendships are put to the test and the real risk of bushfires under the hot Australian sun threatens to undo Rosie once and for all.

Will Rosie and Owen be able to find what they want or what they really need?

Praise for Helen J Rolfe

"It's not an easy task to convince the reader to keep turning the pages, but Helen J Rolfe succeeds delightfully..." Amazon reviewer, Luccia Gray

"Hard to put down...I really enjoyed this book; both characters have great chemistry, are substantial, interesting and well developed. The plot too has plenty of surprises..." Amazon reviewer, Michelle

"I can't praise this book highly enough...Helen has excelled herself again with this book..." Ali the Dragon Slayer

Sweet and romantic

By Suze Lavender

Rosie combines her new job with house sitting. She temporarily moves to Magnolia Creek and instantly falls in love with the area. Rosie has a boyfriend, someone who's safe and secure. She wants a stable, dependable future. Only her boyfriend is working abroad, so her dreams can't come true yet. Rosie expects to be on her own in the house she's supposed to take care of, but Owen, the son of the owners, wants to stay at the house as well. He's searching for something and it's important he's doing that while his parents aren't there.

At first Rosie and Owen don't really get along, but soon they become good friends. Rosie loves her job and her surroundings. She's dreaming about a beautiful house and everything that comes with it. Owen needs to discover what happened in the past, something that has everything to do with him, but he isn't allowed to know what it is. Will both of them find what they are looking for?

What Rosie Found Next is a lovely, sweet story about two people who haven't had the easiest childhoods. Rosie has been through something very sad and she could use some more cheerfulness in her life. Owen loves to travel, he's a free spirit and he's a tough guy who rides a bike. Underneath he has a heart of gold and I immediately liked him very much. Rosie is kind and caring and she has a lot of love to give. I really liked that about her. I enjoyed reading about their friendship and interaction. I love how Helen J Rolfe lets food play a vital part in her stories. What they like and how they prepare it reveals so much about people, about who they are and what's important to them. She uses it to make her characters come to life and it works.

Magnolia Creek is prone to fires. It's a beautiful setting, but the area isn't risk free. It was interesting to read about the firefighters. They're doing such a meaningful and brave job. The story taught me more about what they do and how they do it. Fire plays a key part in the book, something that's being revealed bit by bit.

For me the best part of this story was the interaction between Rosie and Owen. I read the book in one sitting as I kept being curious. Something else I really enjoyed reading about was Christmas. It was fun to read about the way both Rosie and Owen were celebrating the holiday and even though What Rosie Found Next isn't a Christmas story it definitely has enough Christmas magic in it to make me feel festive. I love Helen J Rolfe's writing. All of her books are amazing and I highly recommend them.

Lovely!

By Simona Elena

Book provided by the publisher in exchange for an honest review

The story follows Rosie Stevens, who just started house-sitting in Magnolia Creek. She went through a lot in her past and just wants to be cared for and safe. Her boyfriend Adam is barely there, always far away in another country for work. They wanted to settle down and buy a house, but it never happened. I wasn't sure from the beginning what to think of their relationship, I just felt that Rosie wasn't happy and didn't understand why she never did anything about it.

Owen Harrison arrives at his parent's house and there she is Rosie. They have a bit of a rocky start, but after a while they start to enjoy each other's company and talk a lot. They spend a lot of time together and had a connection from the start, they're banter is unique and the way they call each other ;). Owen realised his

feelings pretty fast, but it took Rosie much longer. With Adam still popping by and being there, the situation didn't get easier.

Connected to the house is also a secret around Owen's mum, of course that's bound to be discovered, but by whom? Let me just tell you that there will be some misunderstandings.

To be honest: I took me quite a while to get into this book, which was weird, because I fell in love with the idea immediately. I guess I have expected something different and sadly enough I just couldn't relate to Rosie at all and her thoughts and decisions made me crazy sometimes. Some scenes in the storyline were flown over or just happened really fast and that was a pity in my eyes.

There were still some great moments in this story and I really enjoyed it, especially towards the end.

I really liked Owen, following him around was great and his feelings came across beautifully in this book.

The setting and the surroundings in this book are just fabulous, I absolutely loved hanging around the house with Owen and Rosie and their scenes were by far my favourites. Helen has a fresh, young voice and I the ending of this book is fab!!! I really want to hear more about Owen's and Rosie's lives.

A Delightful and Intriguing Read

By Luccia Gray

Now and again you read a wonderful book that's like taking a holiday. No stress, no fussing, just relaxation and enjoyment. That's exactly how I felt when I read *What Rosie Found Next* by Helen Rolfe. It's no spoiler to say that there's a happy ending, and that's something the reader senses right from the start, but how to keep the reader interested? It's not an easy task to convince the reader to keep turning the pages, but Helen Rolfe succeeds delightfully. What's her recipe? She makes sure we're interested in the characters and the plot. I was really interested in Rosie and her life, which was at an emotional and professional crossroads, and of course, I was also interested in Owen's family secret. It was fun to watch their interaction, from his first unexpected intrusion, moving on to friendship, and more. There were also some ups and downs to the romance and twists in the plot, mainly due to a love triangle, including Rosie's boyfriend, and Owen's family secret.

I loved the setting in Magnolia Creek, in Australia, including various visits to nearby beaches. It was also interesting to read about how the population prepares for and deals with bushfires. I'm impatiently looking forward to reading more books in this series.

I received an ARC from Brook Cottage Books in exchange for an honest review.
