WHO ARE THE ILLUMINATI? THE SECRET SOCIETIES, SYMBOLS, BLOODLINES AND THE NEW WORLD ORDER BY FRANK WHITE PDF

Hidden behind the veil of their secret society the group known as the Illuminati have still managed to garner great attention and acclaim. They have been blamed for everything imaginable such as being the igniting force behind the French Revolution and being the real masterminds behind the 9/11 attacks. They have even been credited with assassinating both Presidents Lincoln and Kennedy, because these two celebrated presidents made the unfortunate mistake of trying to usurp their unquestionable power. The so called conspiracy theorists say that they are hell bent on ushering in their new world order which consists of the establishment of a one world government, a one world army and destroying the sovereignty of every nation. They are said to be implementing their New World Order through organizations they are identified with as being part of like The Bilderberg Group, The Council on Foreign Relations, The Trilateral Commission, The Club of Rome and many others. There are prominent families who are also said to be part of the Illuminati like the Rockefellers and the Rothschilds. But are these assertions valid? Does popular society have it right or have they simply misunderstood this secret group? Have they been given a bad rap? In his revealing book entitled Who Are The Illuminati: The Secret Societies, Symbols, Bloodlines and The New World Order author Frank White takes a critical look at this powerful underground secret society, who they are and what their intentions are in a world filled with scorn for them. He explores not only the true facts about the group, but also the urban legends attributed to them, some of which are true and others of which have been greatly exaggerated. For example, do they really control the world and everyone else are just slaves to their whims and madness? Do they have a stranglehold on the entertainment and music industries and are the popular stars just puppets carrying out their agenda to the masses? Did they really order the murder of pop superstar Michael Jackson? These questions and many more will be answered in this explosive book.

Excellent Read!

By Cory

First of all I would like to thank the author for having the courage to write this book "Who Are The Illuminati. It had to take a lot courage because he is revealing shocking secrets of the ruling elite. He reveals their names and the groups and organizations that they belong to. Some of the groups I've heard of, but a majority of them I have not. The great thing about reading this book is that the author backs up his assertions with facts. He actually refers to certain speeches that members of the illuminati have made and just to make sure that he was telling the truth I Googled these speeches and lo and behold they came up. I was even able to see YouTube videos of these actual speeches!

I must admit that at first I approached this book with a skeptical eye and you probably will too, but once you read the book and examine and research the facts presented in it you will come to the conclusion that this book is right on the money which is scary in itself. Scary because The Illuminati are not a myth, but a reality and they are wreaking havoc upon the world with their New World Order agenda and False Flag operations. But don't despair the author gives concrete ways on how we can collectively and effectively defeat this powerful and satanic group.

Overall this book is impressive and it deserves 5 stars as it covers a wide range of topics such as Illuminati symbols, the bloodlines of the Illuminati families, the satanic rituals that they practice, how they were created, their ties to Freemasonry, their control of the entertainment industry and whole lot more. The author even lays out the facts of why the Illuminati had the motive to kill Michael Jackson!

Well written codswallop!! 2.5 stars .

The good - Quite well written and easy to read. Raises some salient points about the world economic and political system and where it is heading. Also over population and the environment. In this respect I agree with a lot of what is asserted. These are matters that should concern us all and could be a double edged sword.

On the other hand, no evidence is given for a functioning illuminati and a lot of the book is just conspiracy theory conjecture. There is not a shred of evidence to prove anything that is claimed. Are there cabals of super rich people and entire families operating at the global level with their own agendas. Certainly. Are they illuminati? Pure conjecture. Is their goal global economic domination - probably for some or them and on some level? Is this motivated by illuminati doctrine? Unlikely. Will they use Eugenics etc to achieve their goals and are many of them Satanists? Probably not.

Probably worth reading this book if you haven't thought more widely about the socio economic political aspects of life on our planet but focus on the general picture, not all the detailed conjecture as it is pretty spurious.

Compelling examination of a shadow organization

By Kitty Smith

The Illuminati lie at the heart of all conspiracy theories and this book takes you deep behind the curtain that hides this shadowy organization that many refuse to believe exists. Even those of us who maintain a fashionable collection of tin foil hats find it hard to accept that such a powerful group exists, but as Frank White takes you to the core of the group and explains who it consists of, how they operate, and what they've been responsible, it becomes quite difficult to maintain a dismissive attitude.

It's an intriguing examination that will take you from the entertainment industry to the wealthiest families in

existence as it makes its case. From population control and Agenda 21 to seemingly random deaths of well known figures, it would seem the Illuminati have their dirty fingers into every cookie jar to be found. Whether you believe it or not, you'll find this a compelling study and come away with a lot to think about.
