WIRED TO GROW: HARNESS THE POWER OF BRAIN SCIENCE TO MASTER ANY SKILL BY BRITT ANDREATTA PDF

The keys to growth by a recognized leader in learning, leadership and management

We are biologically wired to learn. It's the key to our survival and the path to fulfilling our capacity to become or create something more. Wired to Grow reveals how the neuroscience of learning can unlock the fullest expression of our potential, and shows us how to apply our natural wiring to positively transform our lives, habits, and organizations.

Apply this material to your own life immediately or help others and become a more effective manager, parent, leader, educator, or health care worker.

Drawing on her unique background in leadership, psychology, education, and the human sciences, Dr. Britt Andreatta has over 25 years of experience consulting with individuals, businesses, government agencies, universities, and nonprofit organizations. She creates powerful solutions to today's personal, organizational, and global workplace challenges.
